

Cost overview

ONE-TIME 199 EUROS, AFTER THAT **FREE** TO USE!

To get started with LeisureKing, you are able to test the OMS (Order Management System) the first month for FREE. This way you can experience how much work LeisureKing takes care of. After the test period, we request once 199 euros per branch. That's it! When an online reservation including payment is made on your site, we calculate the transaction costs over the total amount for the use of LeisureKing and IDEAL (for customers with a Dutch bank account only). These transaction costs are paid by the customer, keeping LeisureKing FREE. Would you prefer that your customer does not pay transaction costs for an online booking? It is also possible to pay for these costs yourself. Please view the specifications below:
